

Instant. Integrated. Ingenious.

Introducing VUDU XL.

VUDU XL gives you instant access to Hollywood. Rent or buy thousands of DVD-quality movies, HD films and television shows directly from your TV using your broadband Internet connection. VUDU XL is also designed to integrate with third-party control systems to become the soul of your home's entertainment system.

Thanks to its extra-large hard drive, VUDU XL can store approximately 500 standard definition movies. So lose the clutter, scratched disks and stacks of DVD cases. Your movie collection has found a sleek new home.

Integrate and control.

VUDU XL allows you to use VUDU's RF remote or select programmable remotes for single room control. VUDU's NetRemote functionality enables integration of the VUDU™ box into IP-based home control systems.

No strings attached.

No monthly fees—just pay for what you watch.

Live ahead of the curve.

VUDU XL is constantly evolving and one step ahead. With new releases added every week and software updates performed on a regular basis, not only will you never run out of space, you'll never run out of options.

Be spontaneous.

Follow your impulses—from a do-it-yourself film festival featuring your favorite director to an entire season of a hit TV show. VUDU means never having to plan ahead. You're in control.
